

It is time, the May Prime !

*It is the time to celebrate,
Discover how much we've come to date
It is time to Evaluate and Display,
Our 21st Anniversary is into play*

*It is time to party in conformity,
Prove how much we've preserved unity
It's time to show the gain,
Our Martyrs' blood NEVER spilled in vain
It's time to recognize the war disabled,
Their body & limbs has become our shield
It's time to appreciate the EDF Veterans,
Their perseverance has become Coat of arms*

*It's time to recognize & appreciate vision,
The leadership's nature and function
It's time to praise the leadership,
For maintaining the Independence trip*

*It's time to prove ownership,
We're transforming Warsai in leadership*

*It is time to resist & demonstrate,
While invaded, to NEVER negotiate*

*It's time to contrast and reflect,
Against US policy of neglect*

*It's time to reflect and contrast,
Against sworn enemies of the past*

*It's time to display action,
Against the designed war,*

*Miscarriage of justice,
And ongoing Sanction*

*It's time to admire Wedi Afom the honorable,
While Meles is becoming disposable
It's time for guayla and dance,
In lights of famine and civil wars
It's time for food and drink,
In Mekete, our International link
It's time to expose and show off,
Weaponizing food-aid never paid off
It's time to convert the road to sky,
Forwarding the gear, Goby to fly
It's time to praise the Camel's strides,
Let the Chihuahua dogs bark, against bonafides
Freedom, democracy & liberty,
Not just for the 1%, but 99% majority*
