How Social Media is Engaging in Criminal Activities Against Eritrea

By: Yemane Tsegay
[October 18/2020]

I. Introduction

Even though the political assault on Eritrea has began early 1994, this article examines an issue on Eritrea that has become more worst starting in 1998 until 2018. It started as a campaign at the UN to demonize and delegitimize the Government of Eritrea under the EPLF/PFDJ leadership.

This political ploy initiated by the Woyane of Tigray when they were the (minority rulers of Ethiopia) in concert with the successive Presidents of the USA aimed to demonize and delegitimize the Government of Eritrea; at every opportunity and in every forum has been and supported by Eritrean Traitors/Agitators who carry on progressive ideology gender base agenda. These Agitating Groups who are known through a multitude of names are all wants to falsely inject anti social division behaviors among the Eritrean people with a goal of ruining the country.

Paradoxically, one group in particular is taking the lead which is highly involved in attempting to remove president Isias and to dismantle the current Eritrean Government once and for all by means of civil unrest. This group are known as: the Asena Radio TV. which has a progressive group internal secret advisers.

They have moved so far to the left and become the beneficiaries of the Democratic Gender base sick ideology called Progressive. The Progressive ideology means “**seeking change**” and the Asena Radio TV. Group has been continuously bragging about the change without disclosing what or how the nature of their change dream will adversely impact the moral cultural and legal values of the Eritrean society.

The continues, stir up violent and unlawful behavior, exhibited by these groups who are exhibiting anti social doped with fake news is their characteristic which is the typical progressives operations without disclosing their intentions of their ideologically driven method. So far the only thing they have announced clearly is that: they want to do everything they can to

ruin and remove any PFDJ polices, laws, statues or any historical monuments that signifies the heroic victories of EPLF/PFDJ over the enemies of Eritrea.

Occasionally, these group they even make derogatory statement such that: “our fallen martyrs have been betrayed by the EPLF/PFDJ” (Hidri Swaatna Tetelimu). Aren’t they are saying this to deflect blames of their betrayal to EPLF/PFDJ and to the Eritrean people for their own incompetence by manipulating the truth.? Isn’t this the biggest lie ever told by these groups?

These are all planned and calculated to incite violence inside Eritrea which has been and is their dream which is their feverish attempt to tear down the Government of Eritrea and bring it under the tutelage of Tigray Kilil (Woyane rule).

Their movement is full of criminal activities and if they were able to come to power by whatever means we know their promise is to trash all the PFDJ programs including the “Nation Building Programs” or any Social Programs based on cultural, religious base or any nationalistic moral values will be destroyed or anything that doesn’t benefit their progressive ideology that serves them to sell Eritrea to the highest bidders: as opposed to the past and current programs of the PFDJ administration which have been benefiting the Eritrean masses.

Based on inferences and on evidences and reasoning, we can reach to a conclusion that what these group have been bragging about are a complete falsification of truth.

Notice the next perfect example: We heard a barking sound which erupted by all the Agitators after President Isaias announced the rejection of the 1997 unenacted constitution in early May 24 2014. At that time, instead the announcement being celebrated that it was a wise decision done by the president to save the citizens from that detrimental gender base foreign inspired constitution, the situation quickly served the Agitators in particular the Asena Radio TV. to fast trigger to loudly protest against the move and it quickly reinforced the bonding with Woyane of Tigray to become even more stronger than before.

The Asena Radio TV. have perceived direct threat to their crocked dream the president’s declaration of rejection in regard to the 1997 constitution they fast tracked a multitude of Human Right Violations talk with a goal of removing the President from his office **before** he could be able to take any action to completely null and void the constitution forever.

Remember that progressive foreign inspired constitution would have given them the full right of legal power to implement their devious progressive ideology once for all. Since these group have been tirelessly fighting about that progressive constitution, un warranted and illegal push from Obama administration when he was in the white house it was echoed to the UNHRC for the assignment of a "Special Rapporteur" for Human Rights Commission of Inquiry (COI) of Ms. Sheilla B. Keetharuth to Eritrea. She was mandated by the UNHRC to objectively investigate if there are alleged human rights abuses in Eritrea so that she can establish conduct thematic studies and to report and advise on human rights from abuse, but instead she become a prosecutor herself to annihilate the nation of Eritrea and start fighting for the delegitimzation of the Eritrean Government. Was that her mandate authorized by the UNHRC?

That lady as a "Special Rapporteur" have tried to abuse the government in any way she rammed against the government with her 550 pages full of falsification report to the UNHRC with illegally obtained witness statements compiled prepared in cut and paste method of other nation report to implicate the Government of Eritrea the worst one of human rights abuser in the world. When she does all these criminal activities her hidden agenda was to pressure the government to implement quickly the 1997 construed and foreign inspired constitution.

Then we learned that it is only through the 1997 construed constitution that can give them the legal power to apply and squeeze the Eritrean Government to legalize "Any Improper Factors" as stated and affirmed in Article 14(2) or "Any Religion" In Article 19 (4) as it has been written and affirmed for the people of Eritrea to have them legally binding agreement by the constitution authored by Bereket Keshi Habte selassie

Another example will clarify more: these people are exhibiting a classic symptoms of **criminality** when they advocate for the total trashing all the PFDJ Nation Building efforts as nothing but piece of dirt, then, they are likely contributing to deviant **behaviors** that could raise them up to the level of being called the perfect Criminals.

In addition to these, they intimidate and warned the general public with threats if they don't correct their act and follow them to their despicable language they use. Remember when they do these kind of threat there are always advisers from behind known as crooked academia to groom and couch them how and what to say.

To defend our Cultural and National moral values from assault by these Agitators, our window of opportunity is now to rise up and stop these progressives from gaining any access of governance within the Eritrean society.

II. Anti-Social Behavior Political Agitators Group

These particular Agitating group including the Asena Radio/TV. have been subverting by a relentless propaganda war against the president and the Nation of Eritrea, by making the young Eritreans to stray away from their founding purposes/beliefs and national duties, obligations frameworks

The Agitators only statement that repeatedly comes out of their mouth is: Eritrea has been governing without a constitution sometimes they don't even know the meaning or the differences between a constitution (QUAM) and the codified Statutes Penal Codes. The only people who understands the differences are only the foreign enemies and Bereket himself who are fanning the flames from behind.

The main reason the Progressive Agitating Group why they are fighting for the implantation of the 1997 constitution is that they understand that only through that constitution will be able to legalize every deviant behaviors and shove it into the public's throat by legal force and be able to

ruin the people and can also govern them easily. That is why they are fighting vigorously to save that construed constitution from becoming null and void. Instead, they are cursing Eritrea at every opportunity and in every forum by saying: that Eritrea is being ruled without a constitution repeatedly!

III. The Agitating Group are Seen as Criminals

The Agitating group such as the Asena Group cannot be seen as a political group at all since they don't disclose their true intentions, then what can we say except obsequing their activities such as assaulting Eritrean Government officials physically, burning buildings of Eritrean Community Centers or intimidating individuals by threatening methods and so on. Then they are the perfect Criminals due to their despicable demonization work they did on the Nation of Eritrea.

So far we have a record of Bereket keshi Habteselassie as the author of the 1997 unenacted constitution. This unlicensed lawyer who cannot practice law has an obligation to advise the highest members of the government concerning text wording meanings, liabilities, what are the positive benefits and the negative costs to the society and the claim liability, risks advisability on the articles suitability for defending and protecting the nation from any deviant social behaviors or what the nation's legal rights and obligations in case of unclear misinterpretations occurred presented by the constitution he authored. Finally the Nation of Eritrea received the worst constitution full of hidden sick intentions such as the Articles listed below: [\(Read in the un implemented constitution of 1997\)](#)

Article 14 (2) "No person may be discriminated against on account of race, ethnic origin, language, color, gender, religion, disability, age, political view, or social or economic status **"OR ANY OTHER IMPROPER FACTORS"** It means: it would have legally allowed for Prostitution or LGBTQ life styles.

Article 19 (4) again in the unimplemented constitution article 19 (4) stated that: every person shall have the freedom to practice **"ANY RELIGION"** meaning you can worship any such as: Satanic, Snakes, Rocks or anything.

IV. CONCLUSION

These are few highlights needed to know why Eritrea pushed backward from going forward to word economic progress as well as the EPLF/PFDJ were forced to govern the country under duress. Any social ills of the Eritrean society that we see today was an accumulation of political setbacks caused by first the Eritrean Traitors/Agitators and other different agencies of the UNHRC including the Activists paid by the Woyane (who are the ruling group of Tigray Kilil are being willfully and systematically organized criminal group that we see them with never ending campaign to assault Eritrea.
